

Community Risk Reduction

Community Risk Reduction (CRR) is a process to identify and prioritize local risks, followed by the *integrated* and strategic investment of resources (emergency response and prevention) to reduce their occurrence and impact.

For more information
& resources on CRR, go to:
www.strategicfire.org

There are **FREE** tools to help CRR programs at
www.strategicfire.org

Community Risk Assessment

A Guide for Conducting a Community Risk Assessment

A step-by-step guide to help conduct **risk assessments**, with a focus on using data to develop effective risk-reducing strategies.

Community Risk Reduction Planning

A Guide for Developing a CRR Plan

A companion to the *Community Risk Assessment* guide, it will assist those wanting to develop an integrated (response and prevention) **CRR plan**.

To sign up for **Vision 20/20** updates, text STRATEGICFIRE to **22828**

Available **FREE**, due to funding from Esri in
partnership with **Vision 20/20**
