

# Washington Township Fire Department Special Order

Topic: <b>COVID-19: Rehab</b>	Effective Date:	04/03/2020
	Revised Date	

The Washington Township Fire Department conducts rehab in accordance with **Procedure 309.04 Rehabilitation**. This process will remain in place with a few temporary additions due to COVID-19.

1. While in rehab, all members will remain at least six feet from each other. It is the responsibility of the officers to manage their crew, but the ultimate authority to monitor this is with the Rehab Group Supervisor.
2. If you are coughing you should expand your distance greater than six feet.
3. B-40 will carry tissues in the vehicle. Crews should always use tissues if they need to blow their nose.
4. Do not spit or blow your nose around other members and assure you are separated by a distance of greater than six feet if you need to do either.
5. Water bottles/cups should remain in the member's possession; unattended water bottles/cups will be disposed of immediately.
6. Do not share water bottles or cups.
7. Dispose of tissues and water bottles/cups in a trash bag set up by rehab.
8. Rehab group supervisor is responsible for assuring a clean environment.
9. When picking up others trash in the rehab area, gloves should be worn.
10. The general public is not permitted in the rehab area, including police or utilities personnel. If there is a need for an additional rehab area for those personnel, then one should be set up.
11. Your SCBA is your SCBA. In particular, a mask should not be cleaned or touched by anyone other than the person it belongs to; clean as appropriate for the incident type.
